Globally, COVID-19 cases have surpassed 2.99 million with more than 204,900 deaths.

The total number of cases in the U.S. increased from 981,246 as reported on Tuesday 4/28/2020 to 1,005,074 reported today. The number of deaths increased from 55,258 to 57,499.

The Tribal Emergency Preparedness and Response Program (TEPRP) provides technical assistance and training to Tribes and Tribal Health Programs on hazard emergency preparedness planning and response. Tribal leaders and clinic administrators may contact Corinne.Chavez@dhcs.ca.gov.

The White House Office of Intergovernmental Affairs is proud to announce the re-establishment of the White House Council on Native Affairs. The Council will continue the coordinated Indian Country policy focus and interagency collaboration facilitated by the White House Office of Intergovernmental Affairs. Tyler Fish will transition from his current role as White House Senior Policy Advisor and Tribal Liaison to serve as Executive Director of the Council effective May 4, 2020. Click HERE for more information.

The joint Indian Health Service and Health Resources & Services Administration Tribal consultation with Tribal Leaders will be held to seek input and recommendations on the additional allocations of CARES Act Provider Relief Fund, announced by the U.S. Department of Health and Human Services on April 22, 2020. Call will be hosted on Wednesday, April 29, 2020, 1:00 PM – 2:00 PM (EST) Conference Call: 800-857-5577.

Indian Country COVID-19 Response Update Call Date: Thursday, April 23, 2020 Time: 4:00 – 5:30 PM (EST) (please note time zone)

*Note: You must RSVP to join the call. You will receive a confirmation email with dial-in instructions. Click HERE to RSVP.

The California Area Indian Health Service (IHS) has reported that 63 California Tribal or Urban Indian Health Program patients have tested positive for COVID-19 as of 4/27/2020.

**CDC Funding Opportunity**

The purpose of this emergency funding is to conduct the following public health activities in response to COVID-19:

- Emergency operations and coordination
- Health information technology
- Surveillance and epidemiology
- Laboratory capacity
- Communications
- Countermeasures and mitigation
- Recovery activities
- Other preparedness and response activities to COVID-19

**California Tribal Nation Grant Fund**

The California Tribal Nation Grant Fund (TNGF) COVID-19 Emergency Grant is available to eligible Tribes to prepare for and respond to COVID-19. These grant funds may be used to fund programs, supplies, and actions taken in response to guidance of public health officials to address the threat of COVID-19, so long as those initiatives are not otherwise funded or provided by sources outside of the TNGF.

For more information: [http://www.tngf.ca.gov/covid_grant.html](http://www.tngf.ca.gov/covid_grant.html)

**National Indian Council on Aging (NICOA)**

NICOA is convening weekly calls with all Title VI grantees about COVID-19 to provide updates to tribal programs and provide an opportunity for tribes to discuss the impact of COVID-19 in communities. Weekly on Fridays at 3:00 pm EST.

Join By Phone: 202-774-2300, Code: 990 715 504

For more information: [https://olderindians.acl.gov/COVID-19](https://olderindians.acl.gov/COVID-19)
As of April 28, 2020, there are a total of 46,500 positive cases and 1,887 deaths in California.

Gender of all confirmed positive cases:
- Female: 23,154 cases
- Male: 23,045 cases
- Unknown: 301 cases

In order to better focus public health resources on the changing needs of California communities, beginning on March 18, the state is no longer collecting information about California travelers returning from countries that have confirmed COVID-19 outbreaks. Community transmission of COVID-19 has been identified in California since late February, and since early March, most of the confirmed cases in the state were not related to travel outside of the United States.

Twenty-two public health labs in California are testing samples for COVID-19. These labs include the California Department of Public Health's Laboratory in Richmond, Alameda, Contra Costa, Humboldt, Long Beach, Los Angeles, Monterey, Napa-Solano-Yolo-Marin (located in Solano), Orange, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, San Joaquin, San Luis Obispo, San Mateo, Santa Clara, Shasta, Sonoma, Tulare and Ventura County public health laboratories. The Richmond Laboratory will provide diagnostic testing within a 48-hour turnaround time. This means California public health officials will get test results sooner, so that patients will get the best care.

INDIAN HEALTH SERVICE CALIFORNIA AREA

1,031 Tribal or Urban Indian Health Program patients in the California Area have been tested for COVID-19 as of 4/27/2020.

Of these, 63 patients have tested positive for COVID-19 and 761 have tested negative for COVID-19.

If you have any questions or concerns please contact:
Vanesscia Cresci at vcresci@crihb.org or Aurimar Ayala at aayala@crihb.org
CONFIRMED CASES AND DEATHS BY COUNTY
CURRENT AS OF 12PM ON APRIL 29, 2020

35% of cases and 3% of deaths are of unknown race/ethnicity. As of 4/28/2020. Source: CDPH
In California:

- **7.5%** of confirmed cases have been admitted to a hospital
- **2.6%** of confirmed cases have been admitted to an Intensive Care Unit
- **4.1%** of cases have died

**Racial disparities:**

- For all adults ages 18+, Latinos, African Americans, and Native Hawaiians and Pacific Islanders are dying at disproportionately high rates.
- African Americans are experiencing deaths at about double their population representation across all adult age categories.
- For Native Hawaiians and Pacific Islanders, overall numbers are low, but the proportion of COVID-19 deaths is roughly 4 times their population representation.
TRIBAL STATE OF EMERGENCY AND SHELTER-IN-PLACE DECLARATIONS

Tribes do not need to issue a state of emergency to access FEMA resources.

Tribes Issuing Shelter-in-Place Order
