

# Management of Dental Traumatology

## Presented by Adrian Silberman, D.D.S.

Thursday, January 21, 2021, from 2:00 p.m.–4:00 p.m. (PST)  
Live Online Course

**2.0 CONTINUING DENTAL EDUCATION (CDE) UNITS PROVIDED**

**ADA C.E.R.P.**® | Continuing Education  
Recognition Program

To sign-up for the course, please see the attached instructions. Once you have completed the online course, you can receive your CDE credit by logging in to your CDE account and entering the course completion code given during the webinar. To create or access your CDE account, please visit:  
<https://www.ihs.gov/DentalCDE/index.cfm>.

### **About the Speaker:**

Dr. Adrian Silberman received his dental degree and endodontic certification from the University of Southern California Ostrow School of Dentistry. He is a Diplomate of the American Board of Endodontics and a Fellow of the International Association of Dental Traumatology. Dr. Silberman is an Adjunct Faculty member in the Advanced Endodontic Program at Ostrow School of Dentistry. His work has been published in international journals and textbooks. Dr. Silberman has designed and manufactured instruments used in the industry and has been a Key Opinion Leader advising corporations over the years. Dr. Silberman is a full-time clinician, maintaining an endodontic practice, *Rancho Endodontics*, in Murrieta, California.

### **Class Objectives:**

Upon completion of this course, participants will be able to:

- 1) Describe and discuss dental traumatic injuries.
- 2) Make treatment decisions with a scientific basis.
- 3) Understand post-traumatic expectations and follow-up intervals for optimized outcomes.
